

Hello Parents and Students,

For Digital Learning Day, Students will be reading our next ADI lab on my website, [www.mrsbrunetto.weebly.com](http://www.mrsbrunetto.weebly.com) and then answering a total of 10 questions: 5 questions from the reading and 5 scientific method questions from the reading. This assignment can be done anytime between Wednesday afternoon to Sunday night, and it will count as a homework grade.

First, go to my website: [www.mrsbrunetto.weebly.com](http://www.mrsbrunetto.weebly.com) and go to Unit 6 –Ecology. There I have posted all the links to a digital copy of the lab, as well as the two links to the questions on Microsoft Forms. Students will need to login using their school email address and password. Their school email address is in this format: [Lunch#@fcstu.org](mailto:Lunch#@fcstu.org) (Example [1234567890@fcstu.org](mailto:1234567890@fcstu.org)). Then, type in password. Student passwords are their birthday in this format: MMDDYYYY (Example 01082005).

Students need to make sure they submit their answers when you have completed **each** of the 5 question assignments. After finishing the background questions, go to the next link down and answer the 5 scientific method questions (ADI science method questions). You may have to login again. My estimate is this should take 30 to 40 minutes. I will be available Friday from 10:00am to 12:30pm to answer any questions you may have about this assignment. Send me an email at [brunetto@fultonschools.org](mailto:brunetto@fultonschools.org) and I will answer you ASAP.

I hope you have a happy digital learning day, I'll see you Monday.

Thanks, Tracy Brunetto
